WHY AN INSURANCE GUIDE?

The purpose of this guide is to describe the travel insurance benefits. It gives you simple and concise information to help you better understand the benefits. You can then judge for yourself whether this product is right for you in the absence of an insurance advisor.

The guide provides you with a summary of the principal exclusions and restrictions of your policy. Refer to pages 32 to 67 of your policy for all the clauses in your contract.

THE INSURER

Insurer means:

1. In Quebec and Ontario:
 - Canassurance Hospital Service Association (non-profit mutual benefit association) for the Emergency Medical Care benefit and the Medical Follow-Up in Canada benefit;
 - Canassurance Insurance Company for all other benefits.
2. Elsewhere in Canada:
 - Canassurance Insurance Company.

DESCRIPTION OF BLUE CROSS TRAVEL INSURANCE

Definitions: here are a few definitions to help you understand the policy. The complete list of definitions can be found on pages 38 to 41 of your insurance policy.

Accident: refers to an external, violent, sudden, unforeseeable, unavoidable and involuntary event causing direct bodily injury to the **covered person**, independently of all other causes. This must occur when the insurance is in effect.

Age: means the age of the **covered person** at the time the present contract is purchased or renewed.

Beneficiary: refers to the person to whom the Insurer will pay the death benefit upon the death of the **covered person**. If no one has been named, the benefit is payable to the estate of the **covered person**.

Contract holder: means the person designated as such on the insurance certificate.

Covered person: means the **contract holder** and the persons mentioned on the insurance certificate, depending on the coverage selected.

Dependent child: means a child of the **contract holder**, his spouse, or both, over 30 days old before departure, who is dependent on the **contract holder**, who is not married, and who is:

- under 21 years of age, or;
- under 25 years of age and attends an educational institution full-time as a duly registered student, or;
- physically or mentally handicapped.

A child who is not a Canadian resident, who is at least 31 days old and is in the process of being adopted by a Canadian resident is considered a dependent child upon completion of all required documents and once the appropriate authorities in the adoptee's country of origin definitively and irrevocably release the child into the physical, visual and exclusive care of the adoptive parents or of the person who will accompany the child until his arrival in Canada. A child who is in the process of being adopted does not have to be covered by a government health and hospitalization program of a Canadian province or territory.

In a single-parent or family plan, any child of the contract holder or his spouse born after the effective date of the contract is automatically insured as soon as he meets the criteria of the definition of a dependent child, subject to the payment of a supplementary premium, as the case may be.

Family member of the covered person refers to:

The spouse;

A child of the **covered person** or the spouse;

The father or mother;

A brother, a sister, a half-brother, a half-sister;

The grandparents and the grandchildren;

The mother- and father-in-law, a brother- or sister-in-law;

A son-in-law or a daughter-in-law;

An uncle or an aunt, a nephew or a niece.

However, only the **underlined members from the above list designate the immediate family members.**

Illness: means a deterioration in health or an organism disorder certified by a physician. However, in the case of trip cancellation, this deterioration or disorder must be serious enough to prevent the **covered person** from continuing his trip as planned.

Pregnancy is not considered to be an illness, except in the case of pathological complications arising within the first 32 weeks.

Minor ailment: refers to any illness, injury or condition related to a medical condition which ends at least 30 days prior to the effective date of coverage and does not require:

- the use of medication for a period greater than 15 days, or;
- more than one follow-up visit to a physician, or;
- a hospitalization, or;

- a surgical intervention, or;
- consultation with a medical specialist.

A chronic medical condition or the complication of a chronic medical condition is not a **minor ailment**.

Pre-existing conditions: refers to a health condition (with the exception of a **minor ailment**) already existing at the time the insurance contract is purchased or at the time of departure. Pre-existing conditions are a reason for exclusions. Benefit exclusions are a reason for claims refusal (exclusion or restriction).

Sudden illness: means a quick and unforeseen illness of which initial symptoms (certified or not by a physician) appear during the trip.

1- TYPES OF BENEFITS OR SERVICES OFFERED

Blue Cross Travel Insurance is a travel insurance product. It offers a number of benefits or services individually, as packages or in combination. Here is what is offered to you.

NB: the different combinations are listed on pages 17 and 18 of this guide. **Make sure that you have received a copy of the insurance certificate indicating your chosen benefits.**

A) Emergency Medical Care Benefit

For benefit details, eligibility requirements, exclusions or restrictions, please see pages 43 to 50 of the policy.

Benefits will be paid for expenses incurred following an emergency resulting from an **accident** or **sudden illness** that occurs on a trip during the coverage period.

Eligible costs are limited to what is declared necessary for the stabilization of the medical condition.

Eligible costs come under 3 categories:

- hospitalization fees, medical and paramedical fees;
- transportation costs;
- subsistence allowance.

For reimbursable costs, refer to pages 44 to 46 of the policy.

The benefits provided by this coverage are over and above and are not a substitution for benefits granted by government programs: the Insurer does not reimburse what is paid by the governments.

G) Extending the insurance contract

The duration of your insurance contract can be extended by the Insurer at the request of the **covered person**, except for Summertime Blue. To do so, contact the Insurer at the phone numbers mentioned on page 67 of the policy.

The contract can be extended if the request is made before it ends, if the **covered person** pays the additional premium and is still eligible for insurance.

If the *covered person* files a claim during the initial period of coverage, the Insurer's approval is required to extend the contract. Once the approval to extend the contract has been granted, any claim that pertains to an event that occurred during the initial period of coverage will be rejected.

The insurance cost and conditions will be modified for the entire length of the trip if they are different for this reason.

H) Renewal

The Insurer will send a notice 30 days before the end of the contractual year to persons who have Annual product only.

This notice will serve as a reminder of the expiry date and will invite **covered persons** to thoroughly evaluate their needs for the following year.

The notice will provide information on reaching Blue Cross or a partner, depending on the original point of purchase. Contract holders will then be able to purchase an identical travel insurance product or select an alternate one based on their needs.

Failure to purchase a new contract or renew by the expiry date of the annual contract will result in the termination of coverage on the expiry date indicated on the insurance certificate.

I) Top-up Insurance

You may purchase top-up insurance to complete another medical insurance you hold with another Insurer. Only the Emergency Medical Care benefit under Individual product is available as top-up.

WARNING

Blue Cross top-up insurance purchased to top-up another insurance, may differ from the

insurance that covers the initial part of your trip because of the terms, conditions and exclusions contained in the policy.

Moreover, it is important to know that any claim that occurs during the initial part of your trip will not be covered by Blue Cross top-up insurance.

It is your responsibility to verify that the initial part of your trip is covered by another insurance and that the purchase of a Blue Cross top-up insurance does not jeopardize your eligibility for the other insurance.

You may cancel your insurance contract. The conditions for cancellation differ depending on the benefits.

4- CLAIMS FOR ALL BENEFITS

A) Submitting a claim

Before undergoing a treatment covered under the Emergency Medical Care benefit, it is very important to contact CanAssistance beforehand so that the Insurer can preauthorize this treatment.

You must also notify CanAssistance within the 48 hours following an event requiring the cancellation of a trip covered by the *Trip Cancellation or Interruption* benefit or a claim covered by the *Car Rental Physical Damage* benefit.

It is not necessary to contact CanAssistance immediately for the other benefits, but you must respect the deadlines below.

In these cases, you must inform the Insurer within 30 days following the event giving rise to the claim to validate your claim. You must then send, **within 90 days of the event**, all information, and original, detailed receipts covering hospital and medical services and all other services.

- ii) refuse the claim in writing and give the reason or reasons that justify this decision.

Blue Cross has agreements with a network of health service providers worldwide. This enables us, if possible, to coordinate payments directly with the service providers. These relationships allow the client to receive treatment without having to submit invoices for reimbursement.

C) Appealing the Insurer's decision and recourse

Should the Insurer refuse the claim, you may contest or ask for a review of the Insurer's decision. You must do so in writing and state your case or provide new documents that could alter the Insurer's decision (ex: new document from your treating physician.)

CONDITIONS APPLICABLE TO ALL BENEFITS

Contract extension

Coverage under this contract may be extended as long as the additional premium is paid, **and that the covered persons remain eligible for insurance. If the extension or the coverage conditions of insurance affect the initial rate of the premium, the new premium will apply for the entire duration of the contract.**

If the covered person files a claim during the initial period of coverage, the Insurer's approval is required to extend the contract. Once the approval to extend the contract has been granted, any claim that pertains to an event that occurred during the initial period of coverage will be rejected.

The contract holder must file a request for extension only prior to the end of the initial coverage period by contacting the Insurer.

Automatic extension of coverage

All coverage will automatically be extended free of charge:

- a) up to 24 hours when the return home is delayed due to the carrier or as the result of a traffic accident or mechanical failure of the private vehicle returning to the departure point (claim must be supported by documentary proof);
- b) during the period of hospitalization and the 24 hours which follow the discharge from hospital of a covered person;
- c) up to 72 hours when the return home is delayed due to a covered person's illness occurring within 24 hours prior to the contracted return date and requiring emergency medical care.

Validity of the contract

The insurance will be valid only when purchased and paid for in full before the effective date of the contract.

The travel insurance must be purchased before any departure date and for the full duration of the trip, including the departure and return dates.

Repatriation of a covered person

In the absence of medical contraindication, the Insurer can require repatriation of any covered person or his transfer to other medical facilities. **Refusal by the covered person cancels the coverage and the terminating notice to the contract holder shall be sufficient. There will be no refund of premium allowed for early return in case the covered person refuses to be repatriated.**

Settlement of claims

The Insurer shall not assume responsibility under the contract unless the covered person has contacted CanAssistance as stipulated in the Emergency Medical Care, Trip Cancellation or Interruption, Car Rental Physical Damage benefits and gives written notice of loss to the Insurer within 30 days of acquiring knowledge of it, and transmits to the Insurer within 90 days of the loss, all the information, original and detailed accounts, and submits proof of payment of these expenses acceptable to the Insurer, a proof of the duration of the trip, a medical certificate giving the complete diagnosis and any other document or information of any nature required by the Insurer for the study of a claim.

The Insurer shall be entitled to have the covered person undergo examinations for claims adjustment purposes, and to have an autopsy performed in the event of death as long as it is not prohibited by law. Expenses for those examinations are the Insurer's responsibility.

Method of payment

The Insurer shall make any refund by means of a cheque in the name of the provider of services and the contract holder or his assignee, after receiving and assessing the relevant accounts and the necessary information pertaining thereto, in accordance with the terms and conditions provided. However, in all cases, the Insurer shall have the right to pay the provider of services directly.

Any amount paid by the Insurer or on its behalf relieves the Insurer of all obligations to the extent of such amount.

Coordination of benefits

Benefits under this contract cover only the excess costs which are not covered by any other individual or group contract or by any law or public insurance.

If a covered person is entitled to similar benefits under any other individual or group contract, the benefits payable under this contract shall be coordinated so that the total payment from all coverages shall not exceed the amount for which the claim is made.

Subrogation
